One of my fondest childhood memories is spending Florida summers at the waterparks. Whether it's the serenity of floating down a lazy river, the adrenaline rush of torpedoing down a water slide, or the communal joy of

a wave pool, waterparks continue to be a family staple during the summer months because they offer something for everyone.

While some of the most well-known waterparks are attached to the larger theme parks, there are plenty others across the country that deserve not only your attention, but your vacation time.
